

Dear Friends,

GYTTE is doing well and helping others feel God's love and have a better life through their work.

We want you to know how much we thank you for being an active part of the GYTTE community by sharing your time, energy, interest, donations and so much more. We are able to promote this ministry and help people transform their lives because of you.

In 2018 we had visits from new people as well as a number of visits from people who have become dear friends who have visited multiple times for 15 to 24 years!

We had visits from many Mexican groups including church groups, youth groups and others that come for a day tour and training session. From these workshops have come requests for longer workshops to learn to build ecological toilets and houses.

We will help more families build straw-bale homes before the year is over. The families who have benefitted from these cooler, more anti-seismic homes are grateful. Two US groups and one Mexican group helped with houses. Our staff have become experts at this appropriate technology since the earthquake.

We planted corn and squash this year and the harvest was good. The majority was for the goats and sheep. But Miguel became a master at squash soup! There was also a litter of seven puppies that we enjoyed immensely. They all have good homes.

In September we had the Intermediate Training Course for 20 Health Promoters. They will have their third week of training in March 2019. They serve their families, churches and communities. Medical Caravan groups come from the US during the year and the Promoters travel to help them out with health education. They work with impoverished communities.

When we look around the “Tree of Life” Training Center we see buildings, roads, walls, ecologic toilets, wood-saving stoves, gardening, paint jobs and more than remind us of your love for the rural people of Mexico. The farm is such a beautiful place, we also

wonder if there are some who would like to come and enjoy the beauty and the scorpions. Let us know?

In God’s Amazing Love,

*Nan, Miguel, Clara, Cata, Ivonne, Vero, Chaly, Idida, Estela, Lore, Liborio, Sala, Carlos, Eduardo, Marce and Rey*
